Empathy Map Canvas: BookEase Target User (The Modern Reader & Indie Buyer)

An empathy map is a simple, easy-to-digest visual that captures knowledge about a user's behaviors and attitudes. It helps the product team align on a user-centric perspective.

| WHAT DO THEY SAY?                                | WHAT DO THEY THINK?                                |
|                                                                                     |
| - "I want to support local bookstores, but it is | - "Will my checkout details be |
|   hard to find their listings online."          |   secure on this site?"      |
|                                                                                     |
| - "Can I track my reading progress on the same | - "Is the paperback edition | |
|   in | platform I bought the book from?"        |   stock, or will it be      |
|   delayed?"|                                     |                           |
| - "Writing a quick review should be simple."    | - "I hope the seller is     |
|   vetted."|                                     |                           |
+-----+-----+-----+-----+-----+-----+
---+
| WHAT DO THEY DO?                                | WHAT DO THEY FEEL?                                |
|                                                                                     |
| - Browse books by category, genre, or author.  | - Excited to discover new   | |
|   books |                                     |   and local sellers.       |
| - Add items to wishlist for future purchases.  |                             |
|                                                                                     |
| - Check out using a multi-step checkout form.  | - Satisfied when updating   | |
|   their |                                     |   reading progress.        |
| - Update reading progress percentage (0-100%).  |                             |
|                                                                                     |
| - Compare price differences of E-book/Paperback. | - Relieved to find         |
|   transparent |                             |   reviews from other buyers. |
|                                                                                     |
